INTERNSHIP OBJECTIVE

Motivated BSCS student at MAJU Karachi seeking a Frontend Development internship to apply hands-on skills in React, Next.js, and performance optimization. Eager to contribute to real-world projects, collaborate with experienced teams, and grow as a developer in a professional environment.

EDUCATION

Bachelor of Science in Computer Science (BSCS)

2024 – Present

Muhammad Ali Jinnah University (MAJU), Karachi

TECHNICAL SKILLS

Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS

Performance Optimization: Code Splitting, Lazy Loading, React.memo, useMemo, Bundle Analysis, Lighthouse

Backend Basics: SQL, Basic Node.js

Tools & Version Control: Git, GitHub, Vercel, VS Code, Chrome DevTools

UI/UX & Design Tools: Figma (Design-to-Code), Lovable AI, Stitch AI — UI/UX understanding with ability to translate designs into pixel-perfect, responsive interfaces

PROJECTS

Job Board Website — Next.js App

A fully responsive job listing platform with advanced filtering, search, and job detail pages. Built with a performance-first approach — implemented SSR, image optimization, and lazy loading to achieve fast load times and excellent Lighthouse scores.

Tech: Next.js, Tailwind CSS, REST API

Employee Management Dashboard — React App

A feature-rich admin dashboard for managing employees, roles, and departments. Core focus on React performance best practices — used React.memo, useMemo, useCallback, and virtualized lists to handle large datasets without UI lag.

Tech: React.js, Tailwind CSS, Context API, Chart.js

Full Restaurant Website with Admin Dashboard — React App

A complete restaurant web presence including a public-facing menu, reservation system, and a protected admin dashboard for managing orders and menu items. Applied component-level code splitting and optimized rendering for smooth UX across all pages.

Tech: React.js, Tailwind CSS, React Router, LocalStorage

WHY HIRE ME AS AN INTERN

- Strong foundation in React and modern frontend tooling with real project experience
- Performance-focused mindset — familiar with Lighthouse audits, lazy loading, and bundle optimization
- Fast learner actively studying CS fundamentals (Algorithms, DBMS) alongside practical development
- Passionate about clean UI, accessible design, and writing maintainable code

LANGUAGES

English — Proficient **Urdu** — Native
